Harold:

Along with Beckham photo, Sprague sent me photo of William Seymour. I have dropped the pseudonym for Beckham, since Dawnay* Joesten will recognoze him from N.O. papers. Seymour now has the pseudonym Sailor.

Seymour is ~~xxx~~ a very hot lead, I think, and a splendid guess on Sprague's part. Mrs Thomas in London pointed to a 1959 photo of JE Ray as the one that most nearly resembled London Ray, and that 1959 photo bears a very close resemblance to Seymour, very close.

If you know anything about Seymour that I should pass on to Dawnay, please let me know-- I mean descriptive features.

P.S. Sprague thinks that Frenchy is ERNESTO PUJIET, but he is not sure.

Still,

Dick
